Logs:

All electronic logs are to use formats: Cabrillo, Word, Excel, Text or ADIF (CSV; DOC; XLS; TXT; ADI). (CSV; DOC; XLS; TXT; ADI).

Each Log is to be titled at least with the contest stations call sign and participating class. If there are missing these informations or one of them the log will be disqualified from evaluation!

Having into consideration that there still could be a number of Old Men who won't use computers for logging, we will accept handwritten paper logs exceptionally. However these logs will be excluded from evaluation and they will only be accepted as checklogs. This method seems to be necessary in accordance with a fair and fast evaluation process and results also in recommendations of former contest managers.

A summary sheet is to have a signed "FAIR PLAY STATEMENT" stating that contest rules and general amateur rules have been applied during operation. Feasible calculation of the total score should be a necessity.

Contest manager:
